Growing exponentially. We are constantly adding to our ever growing storm restoration team as our customer base continues to expand. Everlast has market penetration all over the southeast and beyond with our headquarters here in the Atlanta market. Our company is financially strong and stable and looking to continue to do what we do best; and that's service the needs of our community. We provide a welcoming and supportive work environment to all employees. The culture we grow daily is our company value and we live by it daily! We strive to be the best for both our customers and our employees alike.

**The Position:**

We provide turn key success and a one on one training development from day one. We believe in making sure all of our sales staff are given the tools needed both physically and mentally to make sure they not only have fun, but excel quickly. We engage in multiple different forms of customer engagement opportunities as well as teaching our one off approach to self generated customers as well. Once trained, you will follow a proven process of inspection, documentation, and discovery with each client to determine the solution to any and all concerns. We restore their property value, quality, and peace of mind with a white glove service mentality. Our business consists of storm restoration work, repair opportunities, and retail business in the roofing, gutters, siding sector.

**We have:**

- State of the art marketing/advertising support
- Comprehensive training program with on-going support
- Top of the line inspection tools and technology
- Flexible schedule
- In-house public adjuster with back office support with claims
